

## **ECRS CATAPULT® First Point of Sale Certified for Direct, Level 3 EMV with WorldPay®**

**ECR Software Corporation (ECRS) is the first point-of-sale company to achieve direct L-3 EMV certification with WorldPay and the first off-the-shelf POS solution to be L-3 certified with the Equinox™ L5200 and L5300 signature capture PINPad devices.**

“The EMV ‘liability shift’ has cost merchants, POS companies, payment processors, and payment device manufacturers countless hours in development and untold millions of dollars,” said Pete Catoe, President and CEO of ECRS. “Working closely with our partners at Worldpay and Equinox has allowed ECRS to be the first to deliver an EMV upgrade path with currently released software and hardware, which greatly minimizes the cost and transition to full EMV compliance for Catapult Worldpay retailers.”

To streamline the transition to EMV, ECRS is releasing a simple POS patch that will allow Catapult retailers using Worldpay and Equinox devices to be fully EMV compliant, with the minimal amount of effort and cost possible. **The Worldpay/Equinox EMV patch will be made fully available and in wide release by May 10, 2016.**

### **More Information for ECRS Customers**

ECRS customers who wish to take advantage of this patch update must open a myECRS ticket. These requests will be honored on a first come, first served basis as soon as the required patch is made available. Requirements are below.

Customers must have:

- A contract with the Worldpay National Sales team (via the ECRS Direct Tunnel)
- Equinox L5200 or L5300 device
- Catapult v. 5.3.2
- A current Support Agreement with ECRS

ECRS is also working with other payment processors to provide EMV capabilities. If you don't meet the requirements above for our Worldpay Direct EMV program, contact your current processor or ECRS for more information.

### **About ECRS®**

ECRS delivers retail success solutions to a rapidly expanding, international client base. In 2013, 2014, and 2015, ECRS was named as the top retail software vendor by the renowned RIS LeaderBoard.
